UROLOGY GROUP

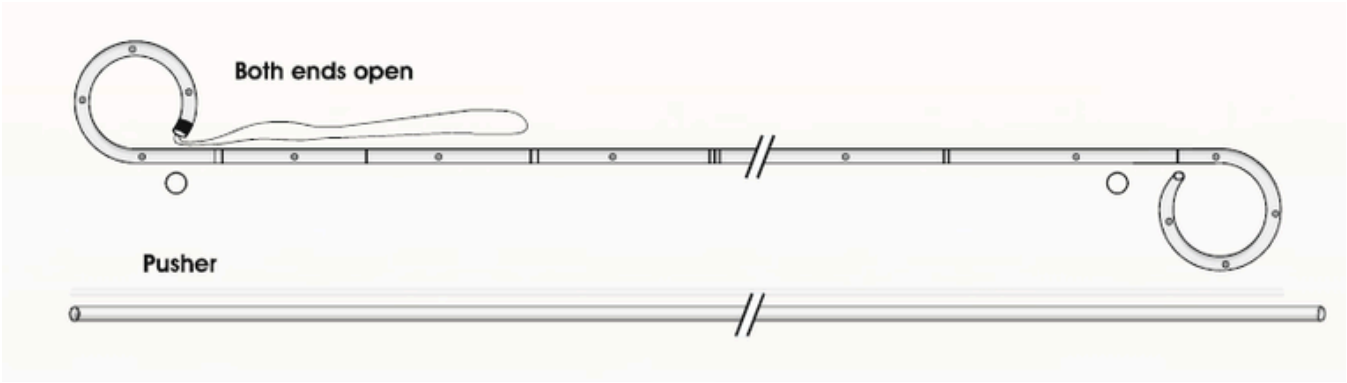

Long Term
URETERAL STENT

POLY-FLEX DOUBLE J

Designed for internal urinary drainage between the kidney and bladder through the ureter. Engineered for long-term indwelling use with enhanced patient comfort, high radiopacity, and reduced encrustation tendency.

Ureteral Stent: Stent + Pusher + Clamp
Ureteral Stent Set: Stent + Pusher + Clamp + Guidewire

Configurations available: Open tip, Closed tip, Single-loop end, and Double-loop end designs.
